

Table of contents

Opening

Opening speech by the ICAR President	3
The President's report on the activities of ICAR since the last session	5
<i>M. Jeffries</i>	
Preface	13
<i>M. Guellouz</i>	

Session 1: Keynote presentations

Animal production in Tunisia	17
<i>M. Guellouz</i>	
New services for sustainable animal farming	29
<i>J. Stoll</i>	
Animal recording for low to medium input production systems	41
<i>M. Djemali</i>	
The role of breeders organisations in the BSE crisis	49
<i>P. Cunningham</i>	

Session 2.1: Morphology evaluation and recording of functional traits

The use of direct udder scanning to evaluate udder cistern size in dairy cows	59
<i>M. Ayadi & G. Caja</i>	
Image analysis and udder linear trait classification in dairy ewes	63
<i>Z. Abas, E. Sinapis, D. Roustemis, I. Hatziminaoglou, G. Banos & A. Pampoukidou</i>	
Technical assistance developments for fertility problems for Tunisian livestock systems: AIA and OEP cooperation	65
<i>C. D. Dago, P. Scrocchi, G. Marigliano & M. Guellouz</i>	
Genetic analyses of fertility parameters and their relations to milk yield of Holstein-Friesian cows in Tunisia	71
<i>M. Ben Hamouda, M. Ben M'rad & M. Hemdene</i>	
Use of the fat tail and body scores to estimate lamb weights in fat tailed meat sheep	77
<i>S. Bedhiaf Romdhani, N. Soumri & M. Djemali</i>	

Session 2.2: Performance recording for small ruminants

Constraints and challenges of growth recording in meat sheep	87
<i>S.B. Romdhani, M. Guellouz & M. Djemali</i>	
Minimum sequential records to adequately fit growth curve in fat-tailed Barbarine lambs and implications on genetic evaluation	91
<i>M. Ben Hamouda</i>	
Current challenge for milk recording in dairy sheep and goats: the simplification of milk sampling design for chemical composition and somatic cell counts of milk	97
<i>J.M. Astruc & F. Barillet</i>	
Milk recording for goats and dairy cattle in France: Individual qualification of the lactation	103
<i>C. Lecomte, S. Bazin, J. Delacroix & J.-P. Sigwald</i>	
The Sicilo Sarde dairy sheep in Tunisia: threats and strength	109
<i>L. Saâdoun, S. Bedhiaf Romdhani, C. Darej & M. Djemali</i>	
Prediction of daily and total lactation milk yield of the Chios sheep from single milking records	115
<i>Z. Basdagianni, G. Banos, Z. Abas, G. Arsenos, G.E. Valergakis & D. Zygoyiannis</i>	
Evaluation and definition of reference lactation length in Chios dairy sheep	115
<i>Z. Basdagianni, G. Banos, Z. Abas, G. Arsenos, E. Sinapis, D. Zygoyiannis</i>	

Session 3.1: Performance recording of beef traits

A new information system for beef performance recording in France	129
<i>I. Boulesteix, L. Marguin, E. Rehben, B. Balvay, L. Journaux, R. Champy, E. Poisnel, G. Barthes & C. Bertrand</i>	
Implementing a PDA based field recording system for beef cattle in Ireland	133
<i>A. Grogan</i>	
Organisation of beef cattle recording and breeding in Hungary	141
<i>F. Szabó & S. Sebestyén</i>	
L'utilisation de PDA pour collecter les données du contrôle de performances des aptitudes bouchères	147
<i>C. Lecomte & S. Bazin</i>	
Advances in using nationally recorded data to address breeding objectives in beef cattle breeding	153
<i>J. van der Westhuizen, T. Rust & R.R. van der Westhuizen</i>	

Session 3.2: Performance recording of dairy cattle

Study of the milk somatic cell count in Tunisian dairy herds	159
<i>Y. Hachana & B. Haddad</i>	
Official milk recording with automatic milking systems: the italian situation	165
<i>P. Amodeo & A. Tondo</i>	
Methods of milk recording for 3-, 4-, and 6-times daily milking in Germany	175
<i>A. Wangler, F. Teuscher & O. Weiher</i>	
Trends in milk recording of the Holstein breed in Brazil	179
<i>C.N. Costa, N.M. Teixeira, A.F. Freitas, J.A. Cobuci & K. Haguilhara</i>	
Argentine genetic evaluation. Results of bull performance	185
<i>D. Casanova, C.I. Andere, E.M. Rodríguez & P. Bergonzelli</i>	
Future changes in the organization of milk yield recording in Spain	195
<i>A. Martín, R. Bolívar, M. Castellanos, E. Ruiz de Villalobos</i>	
Organization of milk recording and milk quality control in Croatia	201
<i>K. Kuterovac, A. Dakia, Z. Bara, M. Draia & S Krnjak</i>	

Session 3.2: Scientific presentations

pH – A useful by-product in infrared analysis for DHI quality assurance	205
<i>A. Rensing</i>	
Simplification of milk recording in dairy cattle for low input systems	209
<i>H. Hammami, S. Bedhiaf Romdhani & M. Djemali</i>	
Detection of consequences of NEB based on milk production records of Dutch Black-and-White Holsteins	215
<i>R.M.G. Roelofs & G. De Jong</i>	
Comparison of protocols to estimate 24 hour percent fat and protein	219
<i>K. J. Hand, D. Lazenby, F. Miglior, & D.F. Kelton</i>	
Changes in milk yield and milk composition as a consequence of the omission of one milking weekly in dairy cows	225
<i>M. Ayadi, G. Caja, & X. Such</i>	
Benefits from daily milk recording data	229
<i>A. Bünger, K. Kuwan, F. Reinhardt, H.-U. Brahmstaedt & R. Reents</i>	
Milk Recording: a comparison of the T, Z and standard methods (Z = Milk yield recorded on 2 milkings and the Contents on one alternate milking)	237
<i>H. Leclerc, J. Delacroix, H. Larroque, Y Gallard & S. Mattalia</i>	

Dairy cattle performance recording in the context of integrated farming	243
<i>D. Chatziplis, A. Georgoudis & Ir. Kotroni</i>	
Modelling lactation curves for Irish dairy cows	247
<i>N. Quinn, L. Killen & F. Buckley</i>	
Deep frozen raw milk standards. The way from reference methods to reference systems	253
<i>C. Baumgartner & A. Landgraf</i>	

Session 4: Presentation of Sub-Committees, Task Force and Working Groups

Report of the activities of Sub Committees, Task Force and Working Groups	261
<i>J. Juga</i>	
Report of the Sub-Committee on Animal Identification	263
<i>R. Pauw</i>	
Report of the ICAR Working Group on Animal Recording Data	273
<i>F. Armitage</i>	
Report from Meters & Jars Sub Committee	277
<i>U. Lauritsen</i>	
Report of the ICAR Working Group on Lactation Calculation Methods	281
<i>F. Miglior, S. de Roos, Z. Liu, V. Darvishi, L.R. Schaeffer, A. Tondo & P. VanRaden</i>	
ICAR Working Group on Milk Testing Laboratories: Biennial report of activities in 2002-2003	285
<i>O. Leray</i>	
Report of the Conformation Recording Working Group	289
<i>D. Hewitt</i>	
Report of the ICAR Working Group on Functional Traits	291
<i>E. Strandberg</i>	
Report on activities of the ICAR Beef Group	293
<i>H. J. Schild</i>	
Interbull Report for 2002 and 2003	299
<i>J.C. Mocquot, U. Emanuelson, W.F. Fikse & J. Philipsson</i>	
ICAR Working Group on AI and other relevant technologies. Summary Report 2003-2004	309
<i>A. Malafosse</i>	
Report of the Working Group on milk recording of sheep	315
<i>J.M. Astruc, F. Barillet, M. Fioretti, D. Gabiña, E. Gootwine, A.P. Mavrogenis, F.J. Romberg, S.R. Sanna & E. Stefanake</i>	

Report of the Working Group on Goat Milk Recording 323
D. Kompan, A. Cividini, M. Simcic & M. Klopčic

Report of the Genetic Analysis Working Group (GAWG) 333
P. Ajmone Marsan

Session 5: Mixed session with emphasis on traceability and animal health recording

Establishing a shared cattle breeding database: Recent experiences in Ireland 339
B.W. Wickham

Milk recording logistics 343
H. van den Bijgaart & U. Lauritsen

The use of ICAR test procedures for electronic animal identification 349
P.H. Hogewerf & R. Pauw

Implementation of animal identification and registration
system with farm products traceability 353
D. Pranic, Z. Fatovic, K. Kuterovac, A. Pezo & M. Drazic

Results of the IDEA project on cattle, sheep and goats in Spain 357
O. San Miguel, G. Caja, R. Nehring, F. Miranda, J.A. Merino, V. Almansa & M.J. Lueso

Comparison of current costs of using conventional and electronic
identification for sheep and goats in Spain 361
C. Saa, M.J. Milán, G. Caja & J.J. Ghiradi

Harmonised protocol for the evaluation of milk analysers and
their international approval for milk recording 365
*C. Baumgartner, H. van den Bijgaart, E. Brennel, O. Leray, U. Paggi,
G. Psathas & J. Rhoads*

Quarter milk flow patterns: possible effect on SCC 369
V. Tancin, M. Uhrincat, S. Mihina, J. Bandosova & V. Foltys

Development of a Hanwoo (Korean Brown; a beef cattle) tracing
system using RF technology in Korea 373
Sidong Kim, Kangseok Seo, Junggyu Lee, Byeongwoo Kim & Minho Baek

**Appendix A: Statistics. Yearly inquiry on the situation of milk recording in ICAR
member countries. Results for the years 2001 and 2002 379**
