

The LactoCorder LCS

Report on ongoing projects

- Lactocorder LCS – Remote controlled
- LactoApp
- LactoPro S

LactoCorder LCS

LCS with keypad
and
Backlit Display

Different workflows
possible

Data collection with
USB connection

Sample size: 30 - 50 ml

Commander
for
Remote control
and
Data collection

Data transfer to PC
and LactoPro S

LactoCorder LCS Remote control

LCS in rugged Design
and
Simplified handling

Bluetooth interface

Sample size: 30 - 50 ml

NEW

Mobile device
for
remote control
NEW by
LactoApp

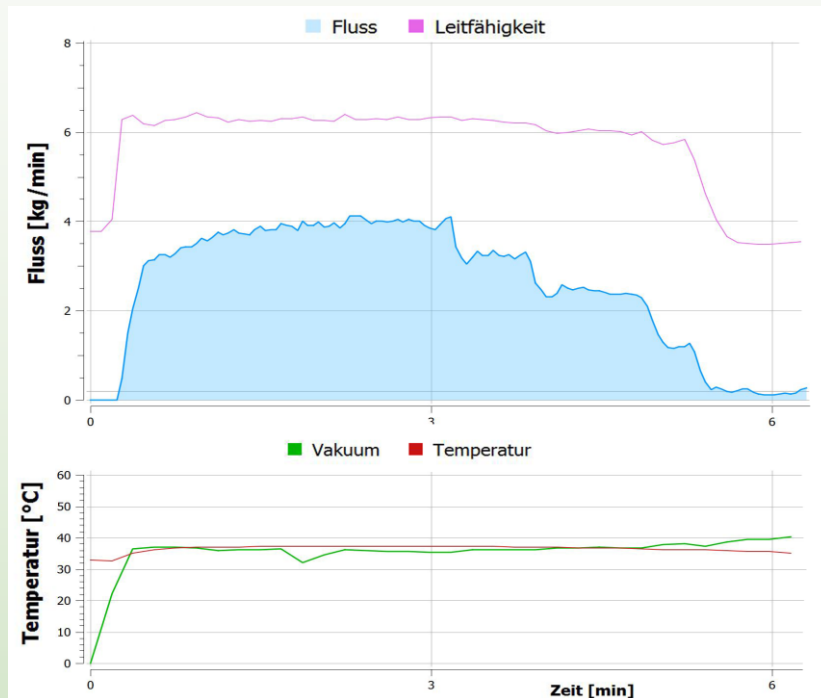

Open data exchange
with other android apps

Direct data exchange
with databank via
internet connection

NEW

LactoPro S - Milk Flow Monitor

That makes the right breeding selection

Animal-specific milk flow curves

Observed parameter:

Milk flow

Vacuum level

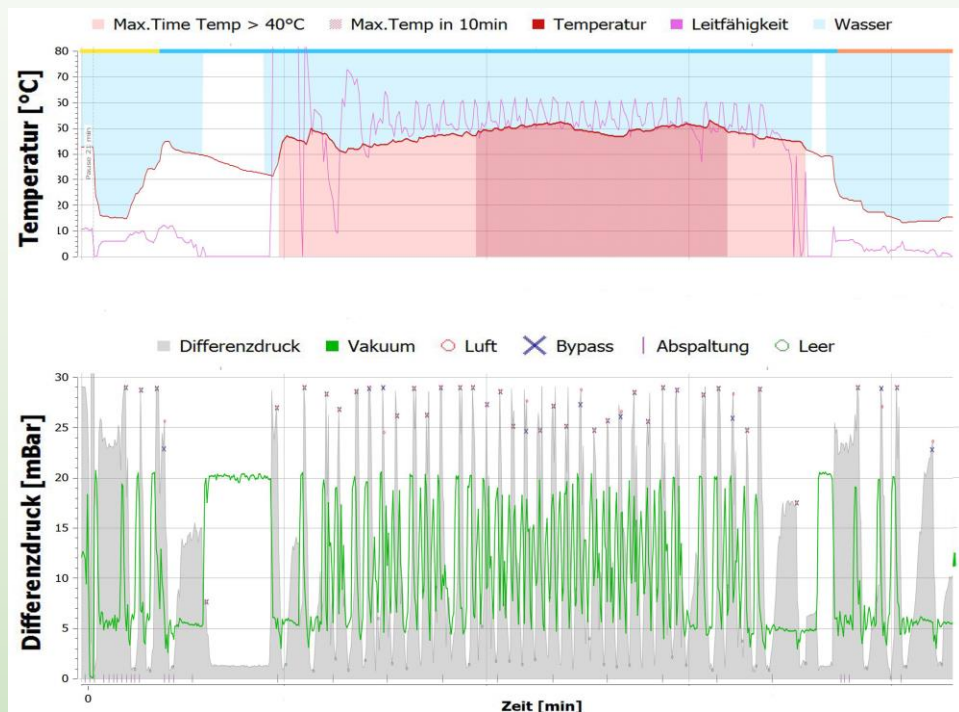

Temperatur

Electrical Conductivity

NEW

LactoPro S - Cleaning Monitor

Regular control of the milking and cleaning system

Observed parameter:

Water flow

Water level and volume

Vacuum level

Temperatur

Electrical Conductivity

Detergent concentration

ICAR Approval

LactoCorder LC

- Cow 1998
- Goat 2007

LactoCorder LCS

- Goat and Sheep 2016 - Low und High Line
- Cow 2018 - Low und High Line

**30 years of experience
in development and production
of precise measuring instruments**

**for breeders, advisors, veterinarians
and for animal welfare**

Thank you for listening!
