Appendix B3 of Section 10 of ICAR Guidelines – Numbers for Reference Printing

Numbers for Reference Printing

Version February, 2018

A large, abstract graphic occupies the bottom right corner of the page. It consists of numerous overlapping circles in a light orange or peach color. Some circles are filled with horizontal lines, while others are empty. The circles vary in size and overlap each other in a complex, organic pattern. Below this graphic, a thin horizontal orange line extends from the left edge towards the right, ending under the text.

Network. Guidelines. Certification.
