Key Agenda	Preparing a first draft for ICAR guidelines on dairy cattle milk recording.				

ICAR Group Report for May 2014.

Issues	
Important Decisions made since June 2013	To organise a tech. meeting in Berlin to get more input on recent developments and the challenges for the ICAR guide lines on recording. It is also an opportunity to make the WG more visible to the ICAR community
Active cooperation and links to other ICAR SC/WG/TFs and other international bodies such as ISO, EU, IDF, ISAG, world breed organisations, manufacturers etc	Not at this stage. When preparing the draft we will enter other fields and have to cooperate
Issues to be handled by the Board & Deadlines	Not at this stage
Top 3 to 5 Issues for this SC/WG/TF	<ul style="list-style-type: none"> - Preparation of the draft - Have a tech. meeting in Berlin - How to incorporate AMS/ automatic milk samplers and in line systems in the guidelines: where to start ...
How does this SC/WG fit into ICAR strategy?	Completely. Update of guidelines is ICAR core.
In the chair's	We got many help of Cesare.

opinion how can the Secretariat give greater assistance to the working of the SC/WG?	
Finances – summary of any proposals that required ICAR funding. Objective and budget by year.	Not at this state
