To the milk laboratories participating to the ICAR Proficiency Test

Dear Colleague,

From March 2021, ICAR is offering the option to manage the ICAR Proficiency Test directly form an ad hoc basis developed ICAR platform.

By adopting such procedure you can complete the following actions:

- 1. Record your subscription(s)
- 2. Insert your results
- 3. Download your performance

The data base offers one access (one email) to each laboratory. For the organizations that have different laboratories in different cities but with the same email, it will be necessary a to create a dedicated email for each laboratory.

Username = Please use the account reported in the communicating email Password = Temporary password that is possible to change and personalize

Please find in the next pages the set of instructions for each of the three steps mentioned before.
